

# Marys River Watershed

## Historic Vegetation ca. 1850

### Wetlands larger than .5 hectares

Map is based on data developed by the Pacific Northwest Ecosystem Research Consortium for the Willamette Basin. Its intended use is to identify broad-scale patterns; estimates for individual sites may be in error. For further information, contact Joan Baker, USEPA (Baker.Joan@epa.gov) or Patti Haggerty, Indus Corporation (Haggerty.Patti@epa.gov)
